International entrepreneurship is a tough and nasty game! You learn it by getting kicked in the teeth, by failing, by jumping back in, building on your goofs, and winning in the end!!!!!!!!!! This is a great book, written in an unorthodox, fascinating style that will give the novice beginner to the game a real insight into how the game is played - like it or not!!!!!! Read it! Seek out, contemplate, then massage the lessons taught, in your mind! Bury your mind in this book and you will find tons of action oriented take-away learning points that will save you tons of grief, money and time!!!!!!!!!!!!!! The truth about the game is in this book!!! Part of the fun of the book is the reading and discovering the lessons!!! Dr. Fred Kiesner Professor LMU Entrepreneurship Loyola Marymount University, Los Angeles JAPAN.co.jp is meant to evoke emotion and discussion by readers. The path and decisions of Bradley Bartz have been studied, trashed, praised and are now a part of Japanese business history. JAPAN.co.jp is an introspective piece into my years starting many businesses in Japan. The stories have many bright and strong characters that I hope to expand on in this and future works. I raised over 10 million dollars from New York Hedge funds for my businesses in Japan. This work documents how I founded and grew our venture business to that funding table. You will also learn to ask for the order. The reader is also blessed with some trade secrets that I have refused to teach others. Until now. For salespeople and leaders Chapter 2 has enough power that you will change peoples lives....
