Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and I suggested this publication to learn.

Book Condition: New. Publisher/Verlag: Springer, Berlin | East Asian Evidences | Is the East Asian growth record replicable today? This book answers: yes. It places the common East Asian theme in the theoretic context of product cycles, globalization and convergence and the historical perspective of the "German Miracle" after World War II, also the more recent Irish growth; it identifies the effective policies for sustained, rapid growth by structured comparisons among different economies; it evaluates the strengths and weaknesses of the alternative policy packages of Korea, Taiwan, Hong Kong, and Singapore, in the light of such recent events like global trend for liberalization, and the Crises of 1997 and 2001. Economic Development in a Globalized Environment also scrutinizes the major debates in development economics, using documented cases, and analytic reasoning for support. | 1: General Considerations.- 1: Introduction.- 1. The World We Live In.- 2. The Benchmark Path for Catching Up.- 3. Inspection of the Foundations of the Benchmark Path Model.- Appendix 1.1 Some Statistical Description.- Appendix 1.2 The Implications of Trend Acceleration.- Summary.- Questions and Exercises.- 2: Replicable Cases?- 1.
